The Lecture Series was inaugural words by **Er. Raj Goel, FIE Chairman**, Bareilly Local Centre told us that the day aims to raise awareness about global warming and climate change while encouraging initiatives to conserve energy resources. It also celebrates the nation's achievements in energy efficiency and conservation.

**Er. Suresh Chandra Sundrani, Past Chairman, IEI, Bareilly Local Centre.** He explained that National Energy Conservation Day, observed on December 14th annually, celebrates the vital role of energy conservation in sustainable development. It serves as a reminder of our collective responsibility to preserve precious resources and mitigate climate change. This day urges individuals, industries, and governments to embrace energy-efficient practices, reduce wastage, and adopt renewable sources to safeguard our planet's future. It's a time to raise awareness about the impact of energy consumption on the environment and encourage innovative solutions for a greener world. By fostering a culture of conservation, we pave the way for a more sustainable and harmonious coexistence with our environment.

Er. K. B. Agrawal, FIE, Founder Chairman, explained that National Energy Conservation Day, celebrated since 1991, aims to raise awareness about the importance of energy conservation. It is widely believed to be the best approach towards a sustainable future. The day is primarily marked to spread awareness about the significance of energy efficiency and conservation.

Er. H. C. Gupta, FIE, Er. Sudhir Gupta, FIE and Er. A.K. Jain, MIE also shared their views and experience on the topic.

Er. P. K. Madhwar, MIE, Honorary Secretary of IEI, Bareilly Local Centre thanked all the participants and the speakers for sparing their valuable time and making the program a grand success. He appreciated all speakers for their sincere efforts to prepare and present their papers in the Statutory Day.
